July 15, 2017

Mr. Pat Thomas
Human Resource Director
ABC Corporation
7709 West Broadway
Milwaukee, Wisconsin 00000

Dear Mr. Thomas:

I am writing to apply for the assistant product manager position which was advertised in the June 10th edition of the *Milwaukee Post*. My previous experience with marketing and product promotion and my competencies with media advertising will allow me to contribute to the ongoing success of ABC Corporation. A resume of my background and skills is enclosed.

As an assistant manager for an appliance store, I gained experience in the areas of marketing development, implementation and evaluation. I was responsible for analyzing and evaluating marketing trends for future product promotions and assisted the store manager with the development and implementation of a direct mail promotion for the store's annual "Summer Blowout Sale". The event resulted in over \$100,000 in storewide sales. The position required strong computer, problem-solving, analytical and organizational skills.

I am aware that ABC Corporation is new to the athletic apparel industry and has seen rapid growth in the Midwest. To continue this growth, successful communications to customers via various media will be important. I have two years experience working with the local media for advertising store promotions. Class projects developing and using e-commerce technology and other media packages to reach customer markets were a part of my academic program.

I would appreciate the opportunity to speak with you to discuss the assistant product manager position and my future with ABC Corporation. Thank you and I look forward to hearing from you.

Sincerely,

John Doe

Ms. Kristina Lieske
Talent Acquisition Specialist

1301 East 9th Street, Suite # 700
Cleveland, Ohio 44114-1824

Dear Ms. Lieske:

I am writing to apply for the customer sales specialist position in the greater Appleton area listed on CareerBuilder.com. My friend Andy Bartels, marketing representative at Barnes, Inc., referred me to this opportunity. With a strong work ethic and superior track record in customer service, I am confident in my abilities to significantly contribute to Barnes Distribution. I am very competent with a variety of hardware as well as software technologies and their application to both business problem-solving and information management. My enclosed resume provides details.

I enjoy interacting with and serving people. As sociology major, I studied the relationship dynamics between groups and individuals. This sociological perspective is crucial for working in today's multi-ethnic business environment.

I would very much appreciate the opportunity to further discuss the customer sales specialist position. I am available for an interview at your convenience and can be reached at (920) 555-0626 or howardp@yahoo.com. As requested in your job posting, my salary requirements include a range from \$26,000-\$34,000 with flexibility depending on position responsibilities and company guidelines. Thank you for your consideration.

Dear Ms. Henry:

I am writing to apply for the education-presentation specialist position which was advertised on December 20th on the Shedd Aquarium website. I graduated from the University of Wisconsin-Milwaukee with a degree in biological sciences. I believe my biology education and dedicated volunteerism in the environmental/wildlife fields will combine well to contribute to your aquarium education program.

As a biological sciences major at UWM, I had the opportunity to concentrate on any area in that field, and I chose animal science. Focusing on animals allowed me to gain extensive knowledge of their anatomy and behavior which will be an asset to creating educational programs and providing presentations to the public. I believe that one of the functions of an aquarium is to raise awareness about environmental issues by using the animals as ambassadors.

I have been involved in environmentalism since elementary school and have presented programs to younger students as a member of the Conservation Club in high school. Being a volunteer at the Milwaukee County Zoo has given me the opportunity to present educational information about the animals to children and adults. In addition to knowing facts from guidebooks provided to volunteers, I can also draw on my own personal experience and knowledge to further inform the public.

I would appreciate the opportunity to further discuss the education-presentation specialist position. I will call your office during the week of February 5, 2017, to request an interview at your convenience. Thank you for your consideration.

Sincerely,

Jennifer Smith

Ms. Lynn Alder
Manager, Outreach and Education
Milwaukee Society for Disadvantaged Workers
County of Milwaukee Offices
555 West Henry Street
Milwaukee, Wisconsin 54398

Dear Ms. Alder:

As a soon to be graduating student in sociology and psychology at UWM, I have recently designed and managed a new program for middle school children age 11-14. ACHIEVE: Academic and Athletic Success is the centerpiece of my senior project and has provided 35 students a variety of special tutoring services, unique sports options and the opportunity to attend a Milwaukee Bucks game as an incentive.

The Milwaukee Society for Disadvantaged Workers was recently featured in a news story on Fox 12 and I learned about your recent initiative in the Milwaukee neighborhoods. Additional research has also demonstrated a number of successes in this new program including parental involvement and a study showing higher grades by student participants.

I am very interested in learning more about the neighborhood initiative including the research model you used. I will e-mail you shortly to request a brief meeting with you or a member of your staff. Thank you for your consideration.

Sincerely,

Linda McMahon
