

INFORMATION STUDIES (SCHOOL OF)

The School of Information Studies offers a Bachelor of Science in Information Science and Technology (BSIST), an undergraduate minor in Information Science and Technology (IST), a Master of Library and Information Science (MLIS), a Master of Science in Information Science & Technology (MSIST), a Certificate of Advanced Studies in Archives and Records Administration, a Certificate of Advanced Studies in Digital Libraries, and a PhD in Information Studies.

Bachelor of Science in Information Science & Technology (BSIST)

The Bachelor of Science in Information Science and Technology (BSIST) combines core IT skills like front-end web design, programming and project management, with electives that you choose. The only degree of its kind in the UW System, the BSIST degree will set you apart from the competition.

Master of Library and Information Science (MLIS)

The Master of Library & Information Science (MLIS) program, accredited by the American Library Association since 1976, prepares librarians and information professionals to manage change in an urbanized, technologically oriented and knowledge-based society. Its systematic course of study enables individuals with a strong service orientation to apply principles of library and information science, to use current methods and tools, and to recognize the value of research.

Master of Science in Information Science & Technology (MSIST)

The Master of Science in Information Science and Technology is a professional graduate degree program for those who seek advanced training to meet the ever-increasing need for information technology (IT) professionals.

Doctor of Philosophy in Information Studies (PhD)

The Doctor of Philosophy in Information Studies prepares graduates for academic and professional careers where an in-depth knowledge of research processes and evaluation is needed. The program emphasizes the study of the representation, storage, retrieval, use, and impact of information resources on society. Graduates will contribute to the knowledge base of the discipline and will take on leadership roles as scholars and administrators in the discipline and the profession.

Requirements for Employment, Licensing, or Professional Organizations

Students should be aware that some professions, occupations, and employers are subject to licensing and/or bonding requirements. When a course of study includes clinical or field training, practice teaching, internships, or the like, students may be subjected to a check of criminal conviction records, prior to acceptance of a student by the placement site. Students are responsible for obtaining the information necessary for them to become knowledgeable about these requirements and plan their studies accordingly. Please contact the appropriate department or program office for further information.
